

# Convenient, Online OSHA and HR Training

Medic-CE is proud to offer a full line up of self-paced OSHA and HR training courses that are specifically designed to help agencies meet compliance requirements and improve employee safety. Our online curriculum also eliminates some of the most common challenges associated with traditional classroom training.

## Available OSHA Courses

- Blood-Borne Pathogens
- Electrical Hazards\*
- Hazardous Materials Awareness
- HIPAA
- Introduction to OSHA
- Lifting and Moving
- Lock Out/Tag Out\*
- Slips, Trips, and Fall Prevention in the Workplace\*
- Respiratory Protection\* and TB

## Available HR Courses

- Harassment and Workplace Diversity
- Workplace and Situational Awareness Surrounding Violence

\*This safety topic has been highlighted by OSHA as one of the Top 10 Most Frequently Cited Standards.

## Why Choose Medic-CE?

### Increased Employee Safety

Each of our courses has been expertly designed to keep students engaged and to help them retain the information they are learning.

### Fully Compliant

Our instructors are continually updating courses with the latest information and each Medic-CE course meets OSHA's training requirements.

### Save Time

Trainings can be completed as time is available wherever an internet connection is available. There is no longer a need to build extra time into the schedule for training.

### Cost- Effective

Courses can be purchased as needed and are fully supported by the Medic-CE team. This reduces the need for in-house trainers and allows your staff to stay focused on their day-to-day responsibilities.
